

Activity

```
graph BT; CreateGestureActivity[com.openvision.androidgesture.CreateGestureActivity] --> Activity[Activity];
```

A UML class diagram illustrating inheritance. A box labeled 'Activity' is at the top. Below it is a larger box labeled 'com.openvision.androidgesture.CreateGestureActivity'. A blue arrow points from the bottom of the 'com.openvision.androidgesture.CreateGestureActivity' box up to the bottom of the 'Activity' box, indicating that 'com.openvision.androidgesture.CreateGestureActivity' inherits from 'Activity'.

com.openvision.androidgesture.CreateGestureActivity
